

MMFA Multilayer Modular Flooring Association Celebrating 10 years

2012

MMFA is founded by **7 companies** – Akzenta Paneele + Profile GmbH, Hamberger Flooring GmbH & Co. KG, Li & Co AG, MeisterWerke Schulte GmbH, Parador GmbH & Co. KG, Skema S.r.l., and Witex Flooring Products GmbH – to work on standardisation, provide information on the product and promote the booming sector.

2013

Launch of the Technical and Market Development Committees and **another 16 members join** in less than a year!

2014

Start of collection of European production sales data (products grouped in 3 classes: polymer on HDF base, polymer on other base and one class for everything else).

Contribution to the new **CEN standard EN 16511** for **floating flooring** installations and publication of the first **Technical Bulletin** on testing standards and performance.

EN 16511

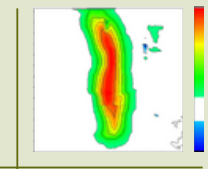

2015

Launch of collaboration with **IHD** on **new parameters for testing locking strength of LVT flooring**, which fed into CEN's standardisation work on MMF and LVT products.

2016

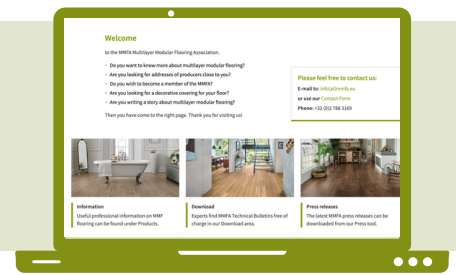

Another two **Technical Bulletins** are added to the MMFA library. One on installation and one on cleaning and care. The first **Hot Spot pilot** project is launched.

2017

New project with IHD to evaluate **Castor Chair test parameters**.

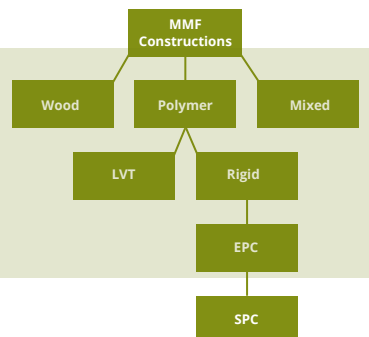

Launch of new **MMFA website**.

2018

Reclassification of MMF products into **new product groups** (wood, polymer and mixed).

Contribution to the creation of a **new CEN WG 11 for modular multilayer flooring**.

2019

Launch of the **European Floor Coverings Association (EuFCA)** with other flooring associations to act as the voice of the flooring sector.

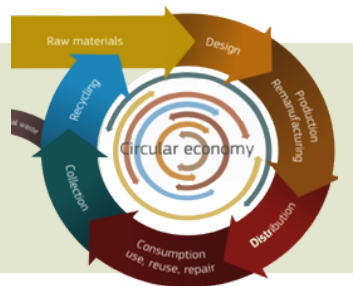

Management moved to Brussels to reflect new focus on EU policy developments.

First joint market research project with EPLF delving into customer buying habits.

2020

Participation in ERFMI's **Circular Economy Working Group**.

2021

Participation in the **Circular Sustainable Floor Coverings (CISUFLO) project** (via EuFCA) and joining the **Circular Plastics Alliance**.

2022

LVT market research study in 30 countries.

The association launches a **new Committee dedicated to EU Policy** and is **63 members** strong on its 10th anniversary!
