

Poli-Eco Tworzywa Sztuczne joins MMFA as a new member

Brussels, 7 June 2023 – [MMFA](#), the Multilayer Modular Flooring Association, is glad to announce that [Poli-Eco Tworzywa Sztuczne Sp. z o.o.](#) has joined the association as an ordinary member.

“Poli-Eco shows that tradition and innovation can go hand in hand – with its 30 years’ experience on the market, the company continues to develop new product solutions in its laboratories. We are excited to welcome the company as a new member of MMFA and anticipate many fruitful exchanges to come”, stated MMFA’s President, Jan Dossche (COREtec®).

Dawid Weryszko, CEO of Poli-Eco, said: *“Poli-Eco strives to spearhead innovation in the PVC sector, which as of 2022 also includes SPC panels. As a company that is continuously looking to expand its expertise and size, we are positive that interacting with other MMFA members and contributing to the association’s activities will bring mutually beneficial results – especially with Poli-Eco being new to flooring production.”*

Poli-Eco is an international company operating in Polish, European, and Eastern markets, with its products available under common brand KORNER. Its offering of PVC finishing products – from foam and hard PVC skirting boards to furniture edges, PVC granulates and dry blends – has allowed Poli-Eco to build its profile as a key European manufacturer over the last 30 years. It has also laid solid foundations for producing floors, which the company started in 2022 with SPC panels.

Poli-Eco's induction into MMFA expands the association to include 30 ordinary members (producers of MMF flooring or their European representations), 30 associate members (supplier companies) and three supporting members (scientific institutes).
